Verify Site/ Creating Google Sitemap

Steps 1-9: Setting up and Logging into your account.

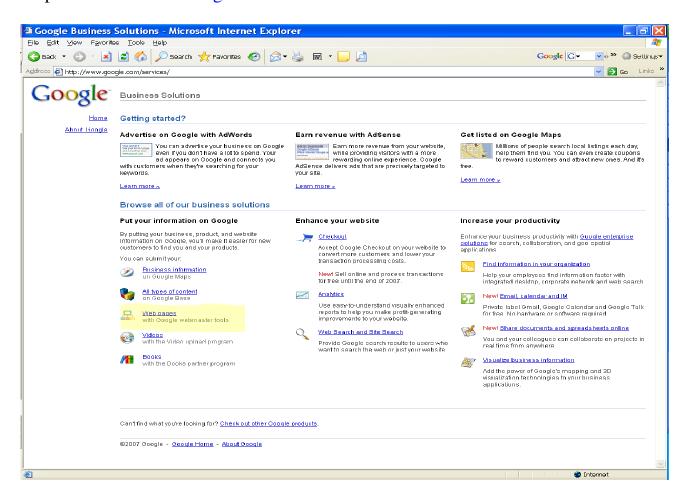

Step 1. Goto <u>www.google.com</u>.

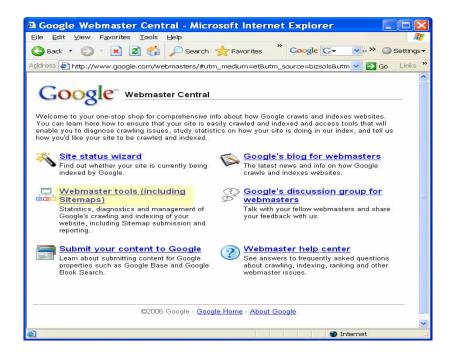

Step 2. Click on "Business Solutions"

Step 3. Click on "Web Pages"

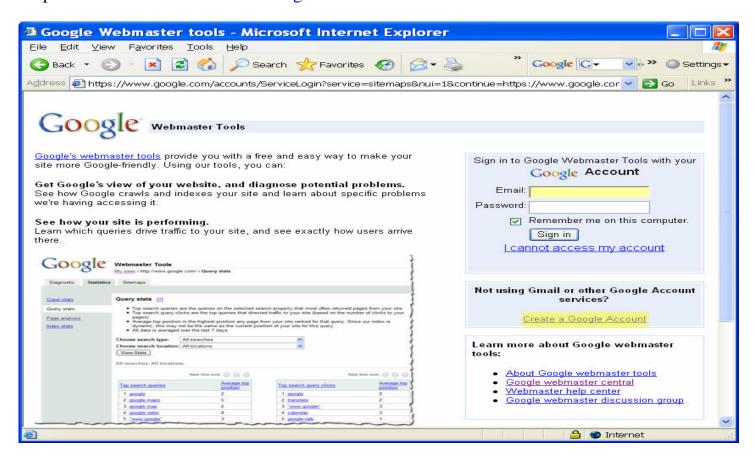

Step 4. Click on "Webmaster tools (including Sitemaps)"

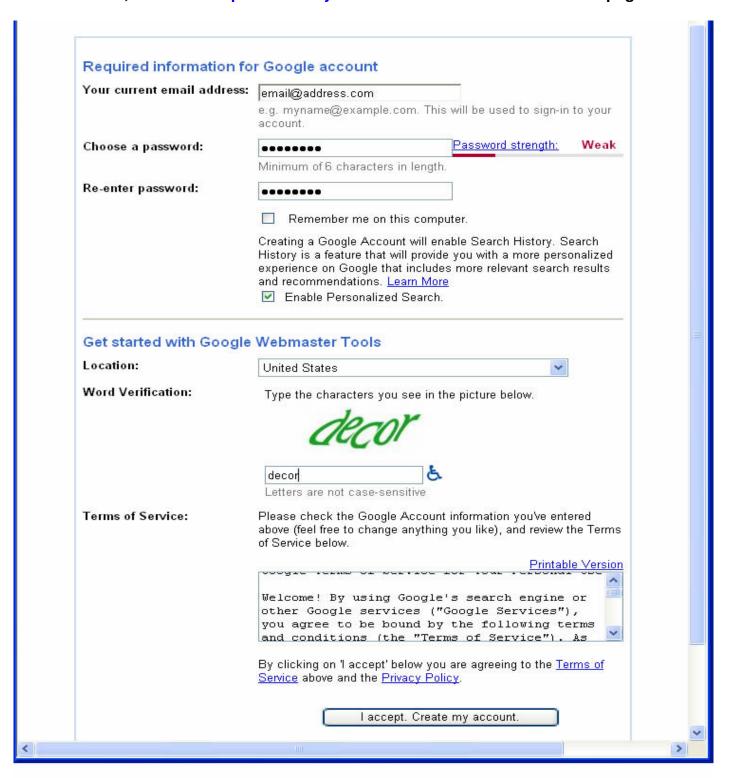

Note: If you have a Google account you can login.

Step 5. If not click on "Create a Google Account"

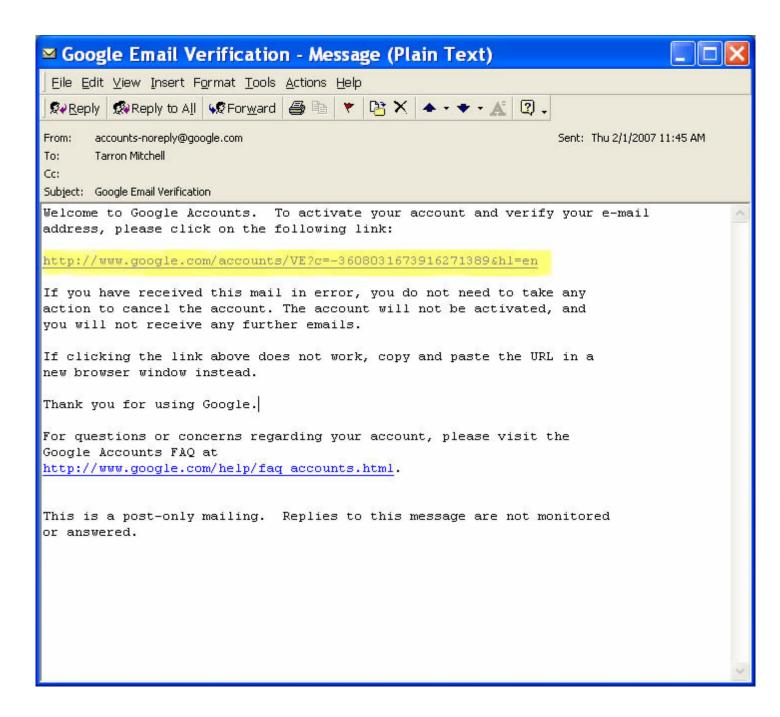

Step 6. Google Account Setup Screen

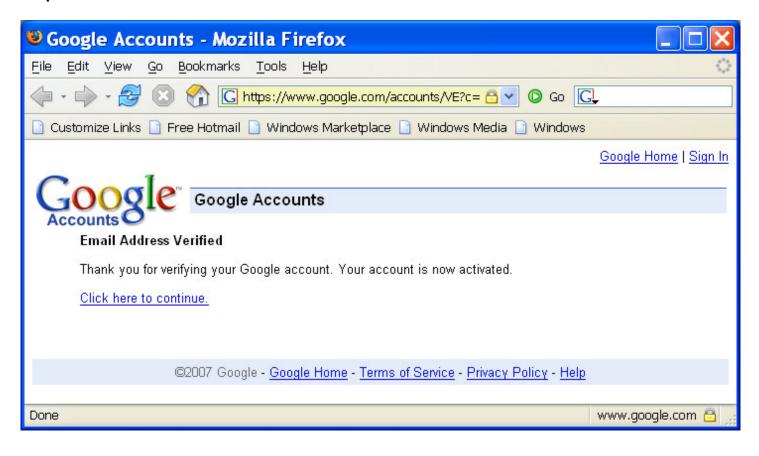

Fill in the form, Click "I Accept. Create my account". Located at the bottom of page.

Step 7. After form has been submitted you will received an email to activate your account. Click on the link that you receive in that email to activate your account.

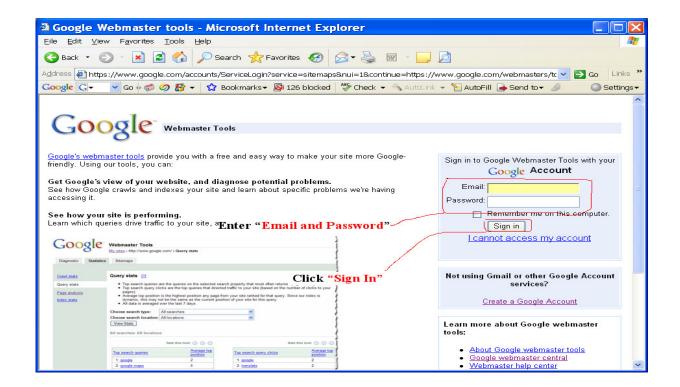

Step 8. Click on "Click here to continue"

Note: This action will bring you back to the Webmaster Tools Page.

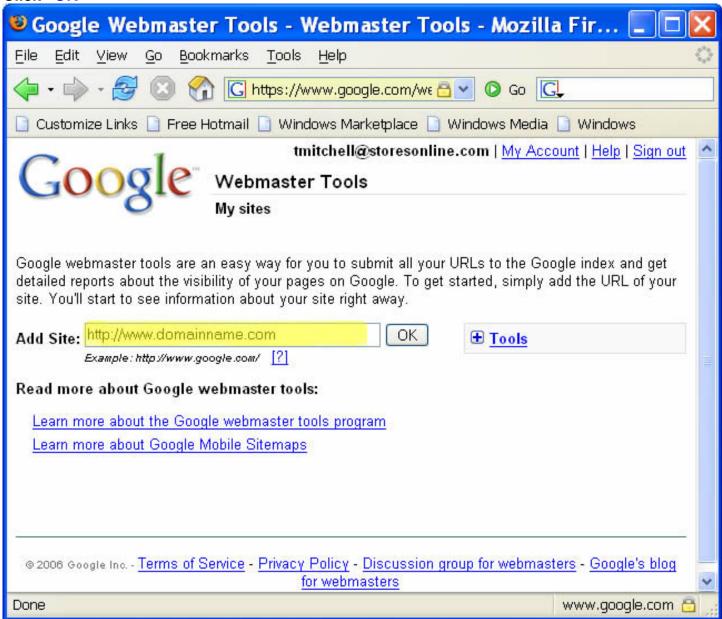

Step 9. Click "Insert email address and password and Sign In"

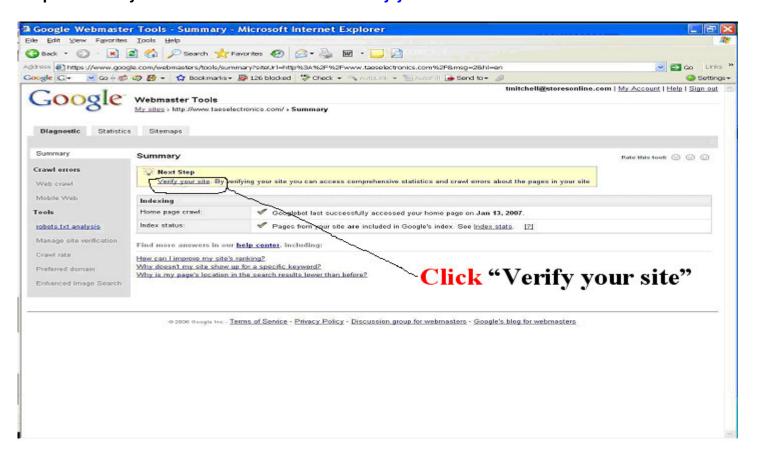

Steps 10-17: Verify your Site

Step 10. Next Add URL "http.www.domainname.com" to the Add Site field.

Click "OK"

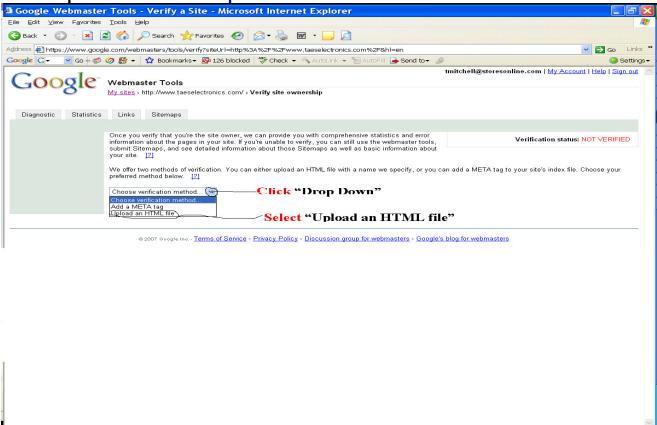

Step 11a. Verify Your Site: Click Text Link "Verify your site"

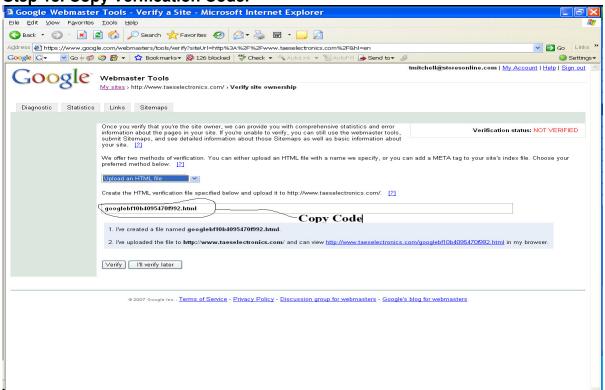

Step 12. Choose Verification Method

Click Dropdown and Select "Upload an HTML File"

Step 13. Copy Verification Code.

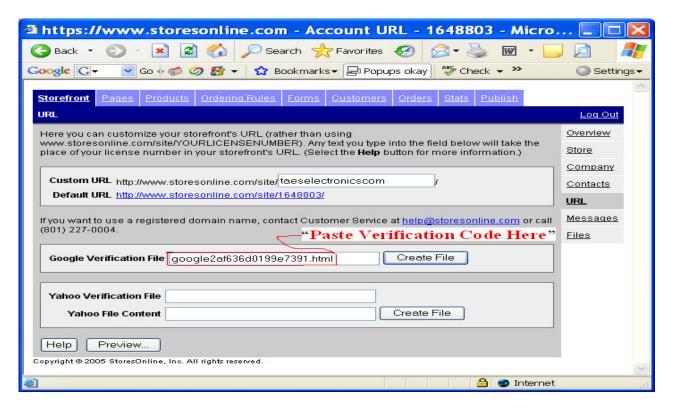

Note: Below are examples for entering Google Verification File in 4.0 and Pro. After completing one of the processes 4.0 or Pro. Please continue with process by returning to Google site and clicking "VERIFY" to complete the verification of your site.

See illustrations 16 and 17 below for completing verification.

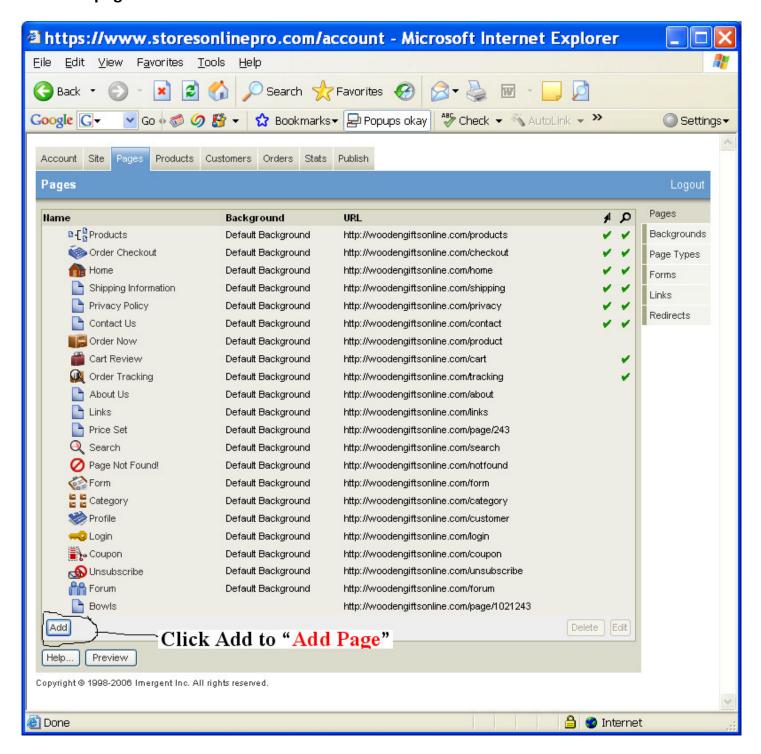

Note: Please Publish Site After Adding Google File.
