A note from Sara Fulton, Vivant Pharmaceuticals' President:

Vivant Pharmaceuticals is dedicated to providing the skincare professional with potent, medically-proven dermatological therapies. There's no fluff... just purposeful skincare solutions. The line is basic and targeted and we intend to keep it that way. The results experienced by your patients will boost their confidence and trust in your judgment.

Partner with Vivant and we will grow together for years to come.

The essential skincare tool: Vitamin A Propionate

Vitamin A Propionate works to remodel the skin on a cellular level

Here's how it works:

1. Unlike Vitamin A Palmitate, Vitamin A Propionate penetrates the epidermis.
2. Vitamin A Propionate is converted into Vitamin A Acid, the skin's natural vitamin.
3. The Vitamin A Acid is transported to the nucleus of the skin cell by Retinoic Acid Receptors (RAR).
4. In the nucleus the Vitamin A Acid accelerates cell proliferation, prevents the rise of collagenase (an enzyme that breaks down collagen), and increases the amount of new collagen formed (a protein that makes skin firm).

Derm-A-Gel®

US PATENT 5,043,356

pH Range: 4.00 – 5.00

Derm-A-Gel® is a patented Vitamin A Propionate skin conditioner formulated to gently dissolve the top layer of the skin, stimulate new cell growth and generate new collagen and elastin. Daily use diminishes the appearance of fine lines and wrinkles, smoothes the texture of the skin and flushes out impacted pores on sensitive skin.

Skin Type: dry or sensitive skin

Key Ingredients: Retinyl Propionate, Kojic Acid, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Sizes: .5 oz / 1 oz

Exfol-A®

US PATENT 6,169,110

pH Range: 2.00 – 3.00

The next step in Vivant's Vitamin A Propionate products. Use this stronger combination on photo-aged skin, advanced acne, and patients who have used Derm-A-Gel®, Retin A®, or AHAs on a regular basis.

Skin Type: normal, combination and oily

Key Ingredients: Glycolic Acid, Retinyl Propionate, Kojic Acid, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Sizes: .5 oz / 1 oz

Exfol-A Forté®

US PATENT 6,169,110

pH Range: 2.00 – 3.00

The strongest of Vivant's Vitamin A Propionate products this advanced combination is used for the treatment of severe acne, extremely oily skin, sun damage on the thicker skin of the back, chest, hands and the arms, and those patients who have built up a tolerance to Exfol-A®.

Skin Type: skin accustomed to Vitamin A therapies

Key Ingredients: Glycolic Acid, Retinyl Propionate, Salicylic Acid, Kojic Acid, Citric Acid, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Sizes: .5 oz / 1 oz

Nature and skin rejuvenation science come together in Vivant's

3-in-1 Mandelic Acid Line

Mandelic Acid effectively treats hyperpigmentation, acne and exogenously aged skin. Mandelic Acid interferes with the process of melanin transfer into the new skin cells, reduces sebaceous gland oil production, suppresses the *Propionibacterium acnes* and increases the amount of new collagen and elastin formed. Its larger carbon chain slows absorption into the epidermis making it less irritating than other Alpha Hydroxy Acids. These less irritating and multi-tasking properties make it a new wonder in skincare therapy.

15% Mandelic Acid 3-in-1 Serum

PATENT PENDING pH Range: 2.00 – 3.00

Mandelic Acid Serum is a clarifying 3-in-1 serum which helps reverse the visible signs of aging, improves uneven pigmentation and flushes out impacted pores.

Skin Type: normal, combination and oily skin

Key Ingredients: Mandelic Acid, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Sizes: .5 oz / 1 oz

3% Mandelic Acid 3-in-1 Toner

pH Range: 2.50 – 3.50

Mandelic Acid Toner is an exceptional multi-purpose clarifying toner. Mandelic Acid refines the surface of the skin and penetrates deep into pores to remove dirt, oil, make-up and pore clogging dead skin cells. It suppresses acne causing bacteria, lifts off hyperpigmentation and stimulates new collagen growth.

Skin Type: dry or sensitive skin

Key Ingredients: Witch Hazel Distillate, Mandelic Acid

Sizes: 4 oz / 16 oz

9% Mandelic Acid 3-in-1 Toner

pH Range: 2.50 – 3.50

An advanced toner for patients with oily skin or those that have developed a tolerance to lower levels of AHAs. This toner gives a boost to severe acne, Melasma, or rejuvenation treatments.

Skin Type: oily or skin accustomed to AHAs

Key Ingredients: Witch Hazel Distillate, Mandelic Acid

Sizes: 4 oz / 16 oz

Mandelic Acid 3-in-1 Cleanser

pH Range: 3.00 – 4.00

The antibacterial, antifungal and antiviral action of Mandelic Acid cleanse the scalp, face and body. Especially useful for dandruff, folliculitis in the scalp or beard area and to control odor in the axilla and groin. Makes an excellent shaving gel. A **no tears** formula.

Skin Type: all skin types

Key Ingredients: Glycerin, Mandelic Acid, Green Tea Leaf Extract, Kiwi Fruit Extract, Honey Extract, Grape Fruit Extract

Sizes: 6 oz / 16 oz

1-800-9-VIVANT

Peptides

Rejuv RX® Firming and Lifting Serum

PATENT PENDING pH Range: 4.00 – 6.00

REDUCES REDNESS

Rejuv RX® Firming and Lifting Serum softens the effects of time without injections. The daily use of this serum helps smooth out the appearance of fine lines and reduces redness. Rejuv RX® targets the connective tissue disrupting the nerve signals which cause facial contractions. The result is a firmer, more even-colored complexion giving the appearance of a “lift”.

Skin Type: all skin types

Key Ingredients: Glycerin, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-3, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Sizes: .5 oz / 1 oz

ROSACEA SAFE

Pink Wink Eye Rejuvenation pH Range: 4.00 – 6.00

This new high-performance combination of Peptides, Kojic Acid, patented Vitamin A Propionate and Caffeine softens and firms fine lines, brightens dark circles, and reduces puffiness giving the appearance of younger, more alert eyes.

Skin Type: sensitive eye area

Key Ingredients: Grape Seed Oil, Glycerin, Palmitoyl Oligopeptide, Palmitoyl Tetrapeptide-3, Retinyl Propionate, Kojic Acid, Oat Protein, Aloe Barbadensis Leaf Juice, Caffeine

Size: .5 oz

Vitamin C

Spin Trap® Vitamin C & E Serum

PATENT PENDING pH Range: 1.70 – 2.70

A super-strength combination serum that traps spinning internal and external free radicals and generates new collagen and elastin. Vitamin C protects the cytoplasm of the cell, while Vitamin E guards membranes and mitochondria.

Skin Type: all skin types

Key Ingredients: Ascorbic Acid, Tocopheryl Acetate, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Sizes: .5 oz / 1 oz

Skin Brighteners

2-2-2-2 Bleaching Cream

pH Range: 4.90 – 5.90

Designed for sensitive skin this non irritating blend of Hydroquinone, Kojic Acid, and Vitamin A Propionate works synergistically to lighten the complexion.

Skin Type: dry and sensitive skin

Active Ingredients: Hydroquinone 2 % w/w, Padimate O 2% w/w

Key Ingredients: Grape Seed Oil, Kojic Acid, Retinyl Propionate, Dimethicone, Oat Protein, Aloe Barbadosis Leaf Juice, Citric Acid

Size: 2 oz

2-2-2 Bleaching Lotion Forté

pH Range: 4.00 – 6.00

This triple combination of stabilized Hydroquinone, Kojic Acid and Vitamin A Propionate in a gel base suppresses the action of the tyrosinase enzyme, thus making the complexion lighter and more even colored. Treats Melasma, Reactive Hyperpigmentation and Poikiloderma of Civatte.

Skin Type: combination and oily skin

Active Ingredients: Hydroquinone 2 % w/w, Padimate O 4 % w/w

Key Ingredients: Kojic Acid, Retinyl Propionate

Size: 1 oz

Skin Hydrators

Allantoin Sedating and Hydrating Lotion with Zinc Peptide

pH Range: 5.00 – 6.00

A moisturizer for dehydrated skin designed to increase its moisture retention capacity. Allantoin and Whole Leaf Aloe Vera combined with natural moisturizers revive dry, mature skin and improve overly exfoliated skin.

Skin Type: sensitive, dry skin

Key Ingredients: Grape Seed Oil, Allantoin, Oat Protein, Dimethicone, Aloe Barbadosis Leaf Juice

Sizes: 4 oz / 16 oz

ROSACEA SAFE

Marine Skin Nourishment Cream

pH Range: 5.00 – 6.00

A mix of essential minerals, amino acids and polysaccharides blanket your skin restoring its natural balance, providing immediate and long-term firming and toning benefits.

Skin Type: all skin types

Key Ingredients: Grape Seed Oil, Algae Extract, Oat Protein, Dimethicone, Aloe Barbadosis Leaf Juice, Copper Chlorophyllin

Size: 2 oz

Lactobase A® US PATENT 6,169,110

pH Range: 1.50 – 2.50

Lactic Acid is a naturally occurring humectant for the skin and when combined with Vitamin A Propionate this body moisturizer removes excess hard, dry skin cells thus helping with proliferative skin conditions. Treats Keratosis Pilaris, stretch marks and dark brown spots. Can be used on the face to treat severe sun damage.

Skin Type: normal, combination and oily skin

Key Ingredients: Lactic Acid, Grape Seed Oil, Retinyl Propionate, Dimethicone

Sizes: 2 oz / 4 oz / 16 oz

Cleansers

BP Wash 3% US PATENT 4,189,501
 pH Range: 5.00 – 6.00
 This gentle, non-abrasive face and body wash cleanses away the impurities and suppress the *Propionibacterium acnes*.
Skin Type: combination and acne-prone skin
Active Ingredient: Benzoyl Peroxide 3 % w/w
Key Ingredient: Glycerin
Sizes: 6 oz / 16 oz

BP Cleanser 3% US PATENT 4,189,501
 pH Range: 5.00 – 6.00
 Tiny Polyethylene Granules gently exfoliate dead skin cells allowing the patented Benzoyl Peroxide gel to penetrate the pores and suppress the *Propionibacterium acnes*. Acne patients love this product!
Skin Type: oily and acne-prone skin
Active Ingredient: Benzoyl Peroxide 3% w/w
Sizes: 2 oz / 6 oz / 16 oz

Buffing Grains
 pH Range: 5.00 – 6.50

Buffing Grains is an essential first step towards skin rejuvenation. This topical skin exfoliating product manually forces the dead skin cells off the surface with physical friction aiding penetration of Vivant's therapeutic products. Buffing Grains can be mixed with Cleansing Milk for cleansing sensitive skin.
Skin Type: combination and dry skin
Key Ingredients: Polyethylene Granules, Glycerin, Dimethicone
Sizes: 2 oz / 6 oz / 16 oz

Green Tea Cleansing Gel
 pH Range: 5.00 – 6.00
 A universal cleanser fortified with antioxidant Green Tea, Grape Seed, and Kiwi Extracts gently foam away the impurities while preserving the skin's natural acid mantle at pH 5.4.
Skin Type: all skin types
Key Ingredients: Glycerin, Green Tea Extract, Kiwi Fruit Extract, Honey Extract, Grape Fruit Extract
Sizes: 2 oz / 6 oz / 16 oz
ROSACEA SAFE

Cleansing Milk
 pH Range: 5.50 – 6.50
 This purifying blend of light oils, Grape Seed and Cucumber Extracts cleanses without upsetting the natural moisture balance of the skin. Oil-based, yet non-comedogenic. Can be used as often as desired without drying the skin.
Skin Type: normal and dry skin
Key Ingredients: Grape Seed Oil, Glycerin
Sizes: 6 oz / 16 oz
ROSACEA SAFE

Tonics

Normalizing Tonic

pH Range: 2.00 – 3.00

This effective mix of Glycolic Acid and Witch Hazel dissolves the desmosomes that hold dead skin cells together and clears the skin of residual contaminants preparing the skin for Vivant's therapeutic products.

Skin Type: all skin types

Key Ingredients: Witch Hazel Distillate, Glycolic Acid, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Sizes: 2 oz / 4 oz / 16 oz

Normalizing Tonic Forté

pH Range: 2.00 – 3.00

A stronger clarifying tonic to treat oily and more resistant skin types.

Skin Type: skin accustomed to Normalizing Tonic

Key Ingredients: Witch Hazel Distillate, Glycolic Acid, Salicylic Acid, Citric Acid

Sizes: 4 oz / 16 oz

Sun Protection

Day Treatment Lotion SPF 15

pH Range: 5.00 – 6.00

Unite sun protection and skincare in this super-light, non-comedogenic moisturizing lotion. Zinc and Whole Leaf Aloe Vera provide anti-inflammatory benefits for Rosacea patients. Mix with loose powder mineral make-up to create a great base for all skin types.

Skin Type: all skin types

Active Ingredients: Octinoxate 7.50% w/w, Octisalate 5.00% w/w

Key Ingredients: Dimethicone, Aloe Barbadensis Leaf Juice

Sizes: 2 oz / 4 oz / 16 oz

ROSACEA SAFE

SPF 30+ Sunscreen Lotion

pH Range: 5.00 – 6.00

Advanced broad spectrum moisturizing sunscreen perfect for patients that have undergone heavy exfoliation.

Skin Type: all skin types

Active Ingredients: Octinoxate 7.50% w/w, Octisalate 5.00% w/w, Avobenzone 2.00% w/w

Key Ingredients: Dimethicone, Aloe Barbadensis Leaf Juice

Sizes: 2 oz / 4 oz

SPF 30+ Clear Gel Sport Sunscreen

pH Range: 5.00 – 7.00

High-performance protective gel ideal for sports-oriented patients. The gel evaporates leaving only the highly protective sunscreens on the skin. Non-eye irritating formula is perspiration and water-resistant. Perfect for use year round.

Skin Type: all skin types

Active Ingredients: Octinoxate 7.50% w/w, Octisalate 5.00% w/w, Avobenzone 2.00% w/w

Key Ingredients: Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Size: 4 oz

Specialty Products

NEW PRODUCT!

Maxilip Lip Plumper

Maxilip Lip Plumper imparts fuller, firmer, smoother and better defined lips. It contains peptides to improve condition and perfluorocarbons to increase the oxygen level in your lips.

Key Ingredients: Petrolatum, Benzyl Nicotinate, Palmitoyl Oligopeptide, Perfluorodecalin

Size: .16 oz (4 g)

Recovery Ointment

pH Range: 4.00 – 6.00

The healing properties of Whole Leaf Aloe Vera combined with Petrolatum in an ointment base locks in moisture to relieve dry, chapped or cracked skin aiding the natural healing process. Works great to speed post-peel recovery!

Skin Type: extremely dry and post-peel skin

Key Ingredients: Aloe Barbadensis Leaf Juice, Petrolatum

Sizes: .5 oz (14 g) / 4 oz

BP 10% Gel Medication

US PATENT 4,189,501 pH Range: 3.00 – 5.00

A specialized acne-fighting therapy that kills *Propionibacterium acnes* which aggravates acne and peels out the impactions improving the complexion.

Skin Type: acne prone skin

Active Ingredient: Benzoyl Peroxide 10 % w/w

Key Ingredient: Glycerin

Size: 4 oz

Alocort

pH Range: 4.00 – 6.00

Whole Leaf Aloe Vera and Hydrocortisone soothe itchy, irritated skin relieving minor skin irritation from eczema, insect bites, poison ivy, allergic reactions caused by cosmetics, jewelry, detergents and soaps. Whole Leaf Aloe Vera accelerates the healing process.

Skin Type: sensitive and irritated skin

Active Ingredient: Hydrocortisone 0.50% w/w

Key Ingredients: Petrolatum, Oat Protein, Aloe Barbadensis Leaf Juice

Size: 2 oz

Masks

NEW PRODUCT!

Totaloe™ Rehydrating Gel

Zinc / Hyaluronic Acid pH Range: 4.50 – 5.50

Totaloe™ Rehydrating Gel is a blend of minerals, amino acids and mucopolysaccharides with the healing properties of Aloe Vera and Green Tea to calm and hydrate the skin.

Skin Type: all skin types

Key Ingredients: Aloe Barbadensis Leaf Juice, Algae Extract, Saccharomyces/Zinc Ferment, Hyaluronic Acid, Camellia Sinensis (Japanese Green Tea) Leaf Extract

Size: 4 oz

ROSACEA SAFE

Algae Soft Mask

pH Range: 7.00 – 8.00

Super-concentrated antioxidants, marine minerals, amino acids, sea proteins and polysaccharides stimulate the production of collagen and elastin. Natural clays pull excess oils and impurities from the skin, making pores appear smaller, firm and tone.

Skin Type: all skin types

Key Ingredients: Algae Extract, Glycerin, Aloe Barbadensis Leaf Juice, Allantoin, Sodium PCA, Copper-Chlorophyllin

Sizes: 4 oz / 32 oz

ROSACEA SAFE

Therapeutic Clay Mask

pH Range: 6.50 – 8.00

Sulfur and Salicylic Acid in a clay base effectively deep cleanses the pores removing excess oil and blackheads. This product is an integral part of acne treatment. Can be used once-a-week as a booster to at-home treatments.

Skin Type: oily skin, acne prone skin

Active Ingredient: Sulfur 10 % w/w

Key Ingredients: Bentonite, Salicylic Acid

Sizes: 4 oz / 32 oz

Pro-Zyme® pH Range: 5.00 – 7.00

This pharmaceutical grade enzyme acts as a biological knife eliminating only dead skin debris, leaving viable skin cells intact. Use in combination with facial treatments to increase revenues. Use 5 days after a ProPeel® treatment to remove exfoliating skin. Activate with Allantoin.

Skin Type: normal, combination, oily

Key Ingredients: Papain, Rosemary Leaf Oil

Sizes: 4 oz / 16 oz

Skin Fitness Pads contain Alpha Hydroxy Acids

which dissolve the desmosomes that hold dead skin cells together.

Skin Fitness Pads 5% and 10%

pH Range: 2.00 – 3.00

Ensure better penetration of Vivant's therapeutic products through once a week additional exfoliation of dead skin cells. These lower level Skin Fitness Pads are an essential tool in at-home acne and rejuvenation regimes.

Skin Type: all skin types

Key Ingredient: Glycolic Acid

Size: 25 pads

Skin Fitness Pads 20% and 30%

pH Range: 2.00 – 3.00

Incorporate these **Professional Use Only** Glycolic pads into your rejuvenation and acne office treatments. Use right before the microdermabrasion treatment for optimal results.

Skin Type: all skin types

Key Ingredient: Glycolic Acid

Size: 25 pads

30% Mandelic Acid 3-in-1 Skin Fitness Pads

pH Range: 2.00 – 3.00

Use these **Professional Use Only** multi-purpose pads on blotchy-brown skin instead of Glycolic pads. Use before extractions and microdermabrasion treatments for optimal results.

Skin Type: combination or oily skin

Key Ingredient: Mandelic Acid

Size: 25 pads

Classic ProPeel® System

Is a safe, light specialized chemical peel solution. Step 1 is a combination of keratolytics and Alpha-Hydroxy Acids (fruit acids) that exfoliate the epidermis helping keep problem skin under control. Step 2 is a patented Vitamin A Propionate conditioning lotion used to augment Step 1.

2 easy steps:

1

Classic ProPeel® Step 1

pH Range: 1.00 – 3.00

Key Ingredients: Propylene Glycol, Lactic Acid, Resorcinol, Salicylic Acid, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol

Size: 2 oz

2

Classic ProPeel® Step 2

pH Range: 2.00 – 4.00

Key Ingredients: Propylene Glycol, Retinyl Propionate, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Size: 2 oz

Progressive ProPeel System®

A four-level safe medium depth chemical peel containing a combination of Lactic, Salicylic and Citric Acids plus Trichloroacetic Acid (TCA) and natural moisturizers. Progressive ProPeel® dramatically improves the appearance of fine lines, acne and blotchy pigmentation. Safe for preconditioned ethnic skin. 4-6 treatments per system.

RESORCINOL FREE

Skin Type: all skin types

4 easy steps:

I

ProPeel® I

pH Range: 1.00 – 3.00

Key Ingredients: Citric Acid, Lactic Acid, Salicylic Acid, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol

Size: 2 oz

II

ProPeel® II

pH Range: 1:00 – 2.00

Key Ingredients: Trichloroacetic Acid, Salicylic Acid, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Size: 2 oz

ProKare HomeKare® Kit

This post-peel kit is an integral part of the ProPeel Systems®. Kit includes: comprehensive post-peel instructions, Recovery Ointment .5 oz, Green Tea Cleansing Gel 2 oz, Day Treatment Lotion SPF 15 2 oz.

III

ProPeel® III

pH Range: 1.00 – 3.00

Key Ingredients: Trichloroacetic Acid, Salicylic Acid, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Size: 2 oz

IV

ProPeel® IV

pH Range: 2.00 – 4.00

Key Ingredients: Retinyl Propionate, Sodium Lactate, Sodium PCA, Glycine, Fructose, Urea, Niacinamide, Inositol, Lactic Acid

Size: 2 oz

Clear Complexion System for ACNE PRONE Skin

System 1

For Dry Skin or Cold, Dry Climate

BP Wash 3% US PATENT 4,189,501 6 oz
A gentle, antibacterial wash with 3% Benzoyl Peroxide cleanses away impurities and kills *Propionibacterium acnes*.

Ice

Apply a compress to affected area. To make an ice compress first fill a styrofoam cup to the rim and freeze. Then, press on acne area for 2 to 5 minutes. Peel back rim of cup as needed.

Normalizing Tonic

4 oz

Normalizing Tonic is a mild, soothing dual action clarifying tonic. Glycolic Acid loosens and dissolves dead skin cells, and clears the skin of residual contaminants as Witch Hazel calms the skin. This product prepares the skin for the absorption of Vivant's Vitamin A skin conditioners, bleaching lotions and sun protectants.

Derm-A-Gel®

US PATENT 5,043,356 1 oz

A creamy non-abrasive exfoliant with Vitamin A Propionate. Used daily it acts as a cellular stimulant and encourages the production of new cells. Derm-A-Gel® leaves your skin feeling smooth and soft.

Day Treatment Lotion SPF 15

4 oz

Protect your skin from environmental damage and moisture loss with Vivant's ultralight, non-irritating, non-comedogenic daily moisturizer and sunscreen. Day Treatment Lotion SPF 15 may be replaced with SPF 30+ Sunscreen Lotion.

System 2

For Oily Skin, Hot or Tropical Climate

BP Cleanser 3% US PATENT 4,189,501 6 oz
An exfoliating cleanser with 3% Benzoyl Peroxide and granules, which buffs away excess dead skin cells while providing an antibacterial wash.

Ice

Apply a compress to the affected area. To make an ice compress first fill a styrofoam cup to the rim and freeze. Then, press on acne area for 2 to 5 minutes. Peel back rim of cup as needed.

Normalizing Tonic Forté

4 oz

Normalizing Tonic Forté's blend of Glycolic, Citric and Salicylic Acids clear environmental residues and dead skin cells from the surface of the skin while controlling oil. This product prepares the skin for the absorption of Vivant's Vitamin A skin conditioners, bleaching lotions and sun protectants.

Exfol-A®

US PATENT 6,169,110 1 oz

Active ingredients of Vitamin A Propionate, Glycolic Acid, and Lactic Acid provide the right amount of exfoliation to maintain a healthy, glowing complexion. Use daily to clarify, tone and rejuvenate the skin. Exfol-A® may be replaced with Exfol-A Forté® for severe acne patients.

Day Treatment Lotion SPF 15

4 oz

Protect your skin from environmental damage and moisture loss with Vivant's ultralight, non-irritating, non-comedogenic daily moisturizer and sunscreen. Day Treatment Lotion SPF 15 may be replaced with SPF 30+ Sunscreen Lotion.

Day Treatment Lotion SPF 15

4 oz

Protect your skin from environmental damage and moisture loss with Vivant's ultralight, non-irritating, non-comedogenic daily moisturizer and sunscreen. Day Treatment Lotion SPF 15 may be replaced with SPF 30+ Sunscreen Lotion.

[AM & PM]

Buffing Grains

6 oz
Buffing Grains is an essential first step towards skin rejuvenation. This topical skin exfoliating product manually forces the dead skin cells off the surface with physical friction aiding penetration of Vivant's therapeutic products. Buffing Grains can be mixed with Cleansing Milk for cleansing sensitive skin.

Exfol-A®

US PATENT 6,169,110 1 oz

Active ingredients of Vitamin A Propionate, Glycolic Acid, and Lactic Acid provide the right amount of exfoliation to maintain a healthy, glowing complexion. Use daily to clarify, tone and rejuvenate the skin.

Bleaching Lotion Forté 2-2-2

1 oz

This triple combination of stabilized Hydroquinone, Kojic Acid and Vitamin A Propionate in a gel base suppresses the tyrosinase enzyme from producing pigment, thus making the complexion lighter and more even colored. Treats Melasma, Reactive Hyperpigmentation and Poikiloderma of Civatte.

Day Treatment Lotion SPF 15

4 oz

Protect your skin from environmental damage and moisture loss with Vivant's ultralight, non-irritating, non-comedogenic daily moisturizer and sunscreen. Day Treatment Lotion SPF 15 may be replaced with SPF 30+ Sunscreen Lotion.

OUR LEAD Formulating Consultant

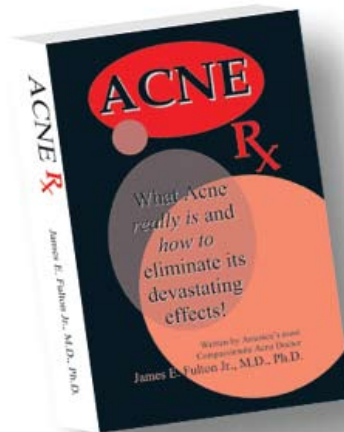

James E. Fulton MD., PhD.

A graduate of Tulane University School of Medicine, earned his PhD in biochemistry from the University of Miami. He developed **Retin A®** with his mentor Dr. Albert Kligman, at the University of Pennsylvania and has since patented a number of topical skincare therapies. Vivant is the third skincare line he has developed. With over 35 years of experience as a physician, biochemist, teacher, international lecturer and author of over 100 published scientific articles on skincare, cosmetic surgery, and dermatology and the acclaimed handbook on acne, Acne Rx. [There is no one more qualified to help you achieve your professional skincare goals.](#)

Acne Rx

by James E. Fulton M.D., PhD., the most comprehensive textbook on the treatment of acne, is relied upon by professionals as well as the layman. Many skincare specialists have a well worn copy of this book. Acne Rx is included in the \$2,000 opening order.
