

Criteria for Hosting a Taser C2 Party

Personal safety is a serious topic, but our party plan provides a forum where this topic can be discussed in an atmosphere of relaxation and friendship. The intent is not to scare or intimidate anyone. It is to make people aware of the current situation in their area, teach them how to be more aware, and give them the opportunity to equip themselves with a product that gives them more confidence to ensure their own personal protection.

Our parties normally have more than one person conducting it – the Taser C2 Party Consultant and a self defense expert or local law enforcement person (i.e., someone trained in self defense or even a Taser certified instructor). There are additional costs associated with including an expert or law enforcement person and also giving people the chance to deploy a Taser C2 during the party. Because of these added expenses, the discount we're offering the hostess, and the fact that the use of a self defense product will occur, specific criteria must be met to confirm adequate preparation has been done to ensure a successful party for everyone involved (those conducting the party and those attending). Here are minimum requirements:

- Must be 18 years or age or older
- Minimum 10 adults in attendance
- No children or animals allowed
- No alcoholic beverages served
- Safe location where the Taser C2 can be deployed

4/12/08 – Property of Taser C2 Party – Subject to Change At Any Time
