

## Monthly Condenser Cleaning Routine

*May Be Done More Often If Necessary.*

**USE ONLY SOFT BRISTLE BRUSH.**

***Do Not Use Hard Bristle Brush on Condenser.***

### **To Clean Condenser Unit:**

Turn Off Machine And Unplug Power Cord From Wall.

Unscrew Side Panels.

Lift Off Side Panels.

Brush Entire Condenser Unit With Soft Brush Until All Dirt & Dust Is Removed.

Replace Side Panels.

Screw Into Place.

### **ATTENTION:**

***A Dirty Condenser Can Cause Compressor Damage.***
